MARKER LIGHT WITH REFLECTOR LD 097/ADR/0,5M/SS

TECHNICAL DATA

Light group	Light category	LED light
HOR 24	ADR marker	yes
LED quantity	Side marker light	Reflecting device
4	yes	yes
Side	Supply voltage	Power rating
universal	12/24 V	0,25/1 W
Operating temperature range	Light colour	Ingress protection rating
from -30°C to +50°C	amber	IP68

DESCRIPTION

The **LD 097/ADR/0,5M/SS marker light with reflective device** is designed for installation on commercial vehicles, trailers, and semi-trailers, including vehicles used [for the transport of dangerous goods](#). It emits an **amber light**, enhancing the visibility of the vehicle's outline and improving road safety.

The lamp is equipped with **4 high-performance LEDs**, providing durable, energy-efficient illumination with a **12/24 V** power supply. It complies with the stringent requirements of the **ADR Agreement**, as confirmed by current certification tests. This ensures compliance with applicable regulations and makes the lamp suitable for vehicles transporting dangerous goods.

With an **IP68** protection rating, the lamp is fully resistant to dust ingress and prolonged immersion in water. Its **ECE R10** approval confirms resistance to electromagnetic interference, ensuring reliable operation in demanding environments.

The lamp features a **0.5 m ADR-compliant round cable (2 × 0.75 mm²)** terminated with a **Superseal connector** fitted with **female terminals**. A matching **Superseal socket with male terminals** is also included separately, allowing for quick, secure, and reliable installation.
