

LD 526/ADR/0,5M/SS

MARKER LIGHT WITH REFLECTOR LD 526/ADR/0,5M/SS

TECHNICAL DATA

Light group	Light category	LED light
HOR 55	ADR marker	yes
LED quantity	Side marker light	Reflecting device
3	yes	yes
Side	Supply voltage	Power rating
universal	12/24 V	0,4/0,7 W
Operating temperature range	Light colour	Ingress protection rating
from -30°C to +50°C	amber	IP68

DESCRIPTION

The **LD 526/ADR/0.5M/SS** is an [LED marker lamp](#) with an integrated reflector and rubber base, designed for installation on commercial vehicles, trailers, and semi-trailers, [including vehicles used for the transport of dangerous goods in accordance with ADR requirements](#). It emits an amber light that clearly outlines the vehicle, improving visibility and enhancing road safety.

The lamp is equipped with **three high-performance LEDs** and an integrated reflector, delivering durable, energy-efficient performance. Its flexible rubber base simplifies installation, improves the fit to the vehicle surface, and helps absorb vibrations during operation.

Designed for **12 V and 24 V** electrical systems, the lamp features a **0.5 m ADR-compliant round cable (2 × 0.75 mm²)** terminated with a **Superseal connector** fitted with **female terminals**. A matching **Superseal socket with male terminals** is supplied separately, allowing for a secure, durable, and waterproof electrical connection.

With an **IP68** protection rating, **ECE R10 EMC approval**, and a wide operating temperature range, the **LD 526/ADR/0.5M/SS** is built to perform reliably in demanding operating conditions, providing long service life and dependable performance.
