LRD 3069

WORK LAMP WITH WARNING LIGHT LRD 3069

TECHNICAL DATA

Light group	Light category	LED light
HOR 142	working light	yes
LED quantity	Warning light	Different flash patterns
9	yes	4
Brightness level	Dispersed light	Working mode
night	yes	F-flash
Side	Connection method	Supply voltage
universal	screw-on	12/24 V
Power rating	Cable	Operating temperature range
14 W	4×0,5 mm2; cable length 1,5 m	from -30°C to +50°C
Colour temperature	Luminous flux	Ingress protection rating
5600 K	1200 lm	IP68

DESCRIPTION

The **LRD 3069** work lamp **with blue warning light** is a reliable and efficient solution with perfect combination of technical parameters. The work field is illuminated by **6 LEDs** with a color temperature of **5600 K** and an impressive luminous flux of **1200 lm**. The **strobe light** contains **3 diodes**. **Dispersed white light** provides a longer distance (**8 m**) and a wider range of lighting, increasing visibility for safe driving and working in late evening hours. The tilting support allows you to change the angle of the lamp and thus the light distribution. Thanks to the universal supply voltage (**12/24 V**) and nominal power of **14 W** (10 W - work light, 4 W - warning light), the lamp is perfect for various applications, in difficult atmospheric and industrial conditions. The lamp is completely resistant to mechanical damage, extremely durable in contact with dirt and moisture (ingress protection rating **IP 68**). The operation of the lamp is also guaranteed in a way that does not emit electromagnetic interference and is electromagnetic interference-resistant, which is confirmed by the **EMC certificate**. **Application of lamps for outdoor lighting:** – work lighting in tow trucks; – work lighting in police and municipal guard enforcement vehicles, police cars; – work lighting in fire brigade vehicles; – work lighting in ambulances, emergency medical services, and other sanitary vehicles. **The HOR 142 lamp group also includes:** – Work light **LRD 3072**; – Work lamp with warning light (**orange**) **LRD 3068**; – Work light with magnetic assemble base and cigarette lighter plug **LRD 3070**; – Work lamp with handle and cigarette lighter plug **LRD 3071**. All lighting products are made **in Poland** by **Horpol**, which is one of the leading automotive lamp manufacturer.
