LRD 3070

WORK LIGHT WITH MAGNETIC ASSEMBLE BASE AND CIGARETTE LIGHTER PLUG LRD 3070

TECHNICAL DATA

Light group	Light category	LED light
HOR 142	working light	yes
LED quantity	Dispersed light	Connection method
6	yes	cigarette lighter plug
Supply voltage	Power rating	Cable
12/24 V	10 W	2×0,75 mm2; cable length 8 m, spiral
Operating temperature range	Light colour	Colour temperature
from -30°C to +50°C	white	5600 K
Luminous flux	Ingress protection rating	
1200 lm	IP68	

DESCRIPTION

The best solution for illuminating hard-to-reach places.

The **LRD 3071** work lamp **with magnetic assemble base and cigarette lighter plug** is a reliable and efficient solution with perfect combination of technical parameters. Equipped with **6 LEDs**, it generates **dispersed**, white light with a color temperature of **5600 K** and an impressive luminous flux of **1200 lm**. The white light provides a further distance (**8 m**) and a wider range of lighting, increasing visibility to ensure safe driving and working in the late evening hours.

Perfect for emergency services and special vehicles.

LRD 3070 is a tool designed for professionals. It is perfect for emergency services, where a reliable light source is crucial. Moreover, it is ideal equipment for special vehicles, where it can be used both for everyday tasks and in dangerous situations.

An indispensable flashlight in every vehicle.

Every driver will appreciate a handy flashlight like the **LRD 3070**. It is a versatile lighting tool that will work in any situation. Regardless of whether you need to illuminate the interior of your vehicle or perform repairs on the roadside, this lamp will meet all expectations.

Practical light with a long spiral cable and a cigarette lighter plug.

LRD 3070 is equipped with a long spiral cable (**8 m**), which makes operating around the vehicle much easier. Regardless of the situation, the cable allows you to move freely, ensuring comfort and efficiency of work. Thanks to the **12/24 V** cigarette lighter plug, the lamp can be easily connected to a socket in any vehicle, which makes it an extremely universal tool.

A solid magnetic assemble base allows the lamp to be attached in many places – from the car roof to the hood of any vehicle. The housing itself is made of aluminum, facilitating heat dissipation. The tilted support allows you to change the angle of inclination of the lamp, and thus the light distribution. The lamp is completely resistant to mechanical damage, extremely durable in contact with dirt and moisture (ingress protection rating **IP 68**). The operation of the lamp is also guaranteed in a way that does not emit electromagnetic interference and is electromagnetic interference-resistant, which is confirmed by the **EMC certificate**.

The HOR 142 lamp group also includes:
– Work lamp with warning light (**blue**) **LRD 3069**;
– Work lamp with warning light (**orange**) **LRD 3068**;
– Work lamp with handle and cigarette lighter plug **LRD 3071**;
– Work light **LRD 3072**.

All lighting products are made **in Poland** by **Horpol**, which is one of the leading automotive lamp manufacturer.
