LZD 2857

REAR MULTIFUNCTION LIGHT HEAVY DUTY WITH REFLECTIVE DEVICE AND AMP 7-PIN ELECTRICAL CONDUIT LZD 2857

TECHNICAL DATA

Light group	Light category	LED light
HOR 129	multifunction rear	yes
LED quantity	Rear position light	Rear direction indicator
139	yes	yes
Brake light	Fog light	Reversing light
yes	yes	yes
Reflecting device	Side	Supply voltage
yes	right	24 V
Cable	Operating temperature range	Ingress protection rating
6x0,5 mm²; length 0,3 m, AMP 7 PIN, round	from -30°C to +50°C	IP68

DESCRIPTION

The rear multifunction light **HEAVY DUTY with reflective device and AMP 7-pin electrical conduit LZD 2857 (right)** has been designed to be durable and efficient. Featuring **replaceable LED modules**, this light offers **139 light-emitting diodes** and operates at a supply voltage of **24 V**, offering strong and clear illumination.

Multifunction light functions:
– position light (4 W),
– break light (10 W),
– rear direction indicator light (5,5 W),
– reversing light (4 W),
– fog light (5,5 W),
– and a reflecting device, providing comprehensive lighting for tractors, trucks, vans, agricultural and specialist vehicles and recovery vehicles.

The light modules also have a high **IP 68** rating and an operating temperature range of **from -30 to +50 degrees**, so the light is perfect for use in a variety of weather conditions. As an extra benefit, the light also provides electromagnetic compatibility **EMC**. As a result, you don’t need to worry about electromagnetic interference that could affect other equipment in your vehicle.

The **LZD 2857** multifunction light is a perfect solution for anyone looking for a durable, efficient and functional light for their vehicle. Whatever the weather or terrain, this light will offer reliable illumination and safety on the road.
