LZD 2856

REAR MULTIFUNCTION LIGHT HEAVY DUTY WITH REFLECTIVE DEVICE AND ELECTRICAL CONDUIT AMP 7-PIN LZD 2856

TECHNICAL DATA

Light group	Light category	LED light
HOR 129	multifunction rear	yes
LED quantity	**Rear position light**	**Rear direction indicator**
139	yes	yes
Brake light	**Fog light**	**Reversing light**
yes	yes	yes
Reflecting device	**Side**	**Supply voltage**
yes	left	24 V
Cable	**Operating temperature range**	**Ingress protection rating**
6x0,5 mm²; length 0,3 m, AMP 7 PIN, round	from -30°C to +50°C	IP68

DESCRIPTION

The rear multifunction light **HEAVY DUTY with reflective device and AMP 7-pin electrical conduit LZD 2856 (left)** has been designed to be durable and efficient. Featuring **replaceable LED modules**, this light offers **139 light-emitting diodes** and operates at a supply voltage of **24 V**, offering strong and clear illumination.

Multifunction light functions:
– position light (4 W),
– break light (10 W),
– rear direction indicator light (5,5 W),
– reversing light (4 W),
– fog light (5,5 W),
– and a reflecting device, providing comprehensive lighting for tractors, trucks, vans, agricultural and specialist vehicles and recovery vehicles.

The light modules also have a high **IP 68** rating and an operating temperature range of **from -30 to +50 degrees**, so the light is perfect for use in a variety of weather conditions. As an extra benefit, the light also provides electromagnetic compatibility **EMC**. As a result, you don’t need to worry about electromagnetic interference that could affect other equipment in your vehicle.

The **LZD 2856** multifunction light is a perfect solution for anyone looking for a durable, efficient and functional light for their vehicle. Whatever the weather or terrain, this light will offer reliable illumination and safety on the road.
