LD 677/GRAPHITE

MARKER LIGHT LD 677/GRAPHITE

TECHNICAL DATA

Light group	Light category	LED light
HOR 65G	marker	yes
LED quantity	**Rear position light**	**Side**
4	yes	universal
Supply voltage	**Power rating**	**Cable**
12/24 V	0,6/1,2 W	2×0,75 mm2; cable length 0,25 m
Operating temperature range	**Light colour**	**Ingress protection rating**
from -30°C to +50°C	red	IP68

DESCRIPTION

The **LD 677/GRAPHITE** marker light combines elegant design with high functionality. With its dark shade, the light follows modern trends in vehicle design while providing adequate visibility on the road. **Product features:** – **Rear position light**. The lamp emits **red** light to enhance road safety by making your vehicle better visible in various conditions. – The light can be mounted either **on a straight rubber support** or **on a tube**, providing more flexibility to suit the user's needs. – **Number of LEDs**. Fitted with **4** high-efficiency **LEDs**, the lamp provides efficient lighting with minimal energy consumption. – **Universal supply voltage**. Operating at **12/24 V**, it is perfect for a variety of vehicle types. – **Low power rating**. With a power output of **0.6 W** (at 12 V) and **1.2 W** (at 24 V), the light is energy-efficient, a property that translates into longer life and less strain on the battery. – **High IP 68 rating**. The light is fully hermetic and resistant to mechanical damage. – **Wide operating temperature range from -30°C to +50°C**. Suitable for all weather conditions, the product will be a reliable choice all year round. ***Make sure you stay safe on the road!
