1800 lm	IP68	

DESCRIPTION

The best solution for illuminating hard-to-reach places.

Presenting the work lamp **LRD 2986** in the **SLIM** version, which is an invaluable help in lighting hard-to-reach places.

Thanks to advanced **LED** technology, the lamp provides exceptional brightness and durability, necessary in the most demanding working conditions.

Perfect for emergency services and special vehicles.

LRD 2986 is a tool designed for professionals. It is perfect for emergency services, where a reliable light source is crucial. Moreover, it is ideal equipment for special vehicles, where it can be used both for everyday tasks and in dangerous situations.

An indispensable flashlight in every vehicle.

Every driver will appreciate a handy flashlight like the **LRD 2986**. It is a versatile lighting tool that will work in any situation. Regardless of whether you need to illuminate the interior of your vehicle or perform repairs on the roadside, this lamp will meet all expectations.

Practical light with a long spiral cable and a cigarette lighter plug.

LRD 2986 is equipped with a long spiral cable (**8 m**), which makes operating around the vehicle much easier. Regardless of the situation, the cable allows you to move freely, ensuring comfort and efficiency of work. Thanks to the **12/24 V** cigarette lighter plug, the lamp can be easily connected to a socket in any vehicle, which makes it an extremely universal tool.

The lamp housing is made of aluminum, facilitating heat dissipation. The tilting support allows you to change the angle of the lamp and thus the light distribution. The lamp is completely resistant to mechanical damage, extremely durable in contact with dirt and moisture (ingress protection rating **IP 68**).

All lighting products are made **in Poland** by Horpol, which is one of the leading automotive lamp manufacturer.
