LZD 3089

REAR MULTIFUNCTION LIGHT LZD 3089

TECHNICAL DATA

Light group	Light category	LED light
HOR 138	multifunction rear	yes
LED quantity	**Rear position light**	**Rear direction indicator**
18	yes	yes
Side	**Supply voltage**	**Cable**
universal	12/24 V	3x0,5 mm2; cable length 0,5 m
Operating temperature range	**Ingress protection rating**	
from -30°C to +50°C	IP68	

DESCRIPTION

LZD 3089 – is a 2-function rear lamp that will work well in various types of vehicles such as: – forklifts; – quads, motorcycles; – buses; – vans; – sleeping cabins and spoilers; – agricultural and construction machinery; – lorries; – special vehicles. The symmetrical design allows universal installation (both on the right and left side of the vehicle). **LZD 3089** operates at a universal voltage of **12/24 V** and has low power consumption. **Lamp functions:** – rear position light (1.1/2.1 W); – rear direction indicator (1.3/2.6 W). Thanks to the use of a special diffuser, the lamp emits clear, **red NEON position light**, emphasizing its shape, without blinding other road users. Despite its small size, the **direction indicator** is very visible even on a sunny day. Modern design and high-quality materials used in its production make it a top-class product. The mounting screws are aesthetically sealed with gaskets. Product is fully hermetic (ingress protection rating **IP 68**), and the operating temperature range is **from -30 degrees C to +50 degrees C**. This product will meet the expectations of even the most demanding users looking for reliable and durable lighting solutions for their vehicles.
