DESCRIPTION

LD 3117/P is a marker light on a **short diagonal arm** that comes with a flexible hanger. It is specifically designed for mounting **on the right side** of the vehicles, ranging from small trailers to trucks and semi-trailers. The lamp emits a bright **neon light** and fulfills the most important functions. **Lamp functions:** - front marker light, **white** light color (0,4/0,9 W) - rear marker light, **red** light color (0,9/1,8 W) The lamp operates on a universal voltage of **12/24 V** and is characterized by low power consumption. Only **branded diodes** are used for production, which definitely distinguish the quality of lighting and attractively emphasize the outline of a moving vehicle. Product is fully hermetic (ingress protection rating **IP 68**), and the operating temperature range is **from -30 degrees C to +50 degrees C. Ensure your safety on the road! Identify your vehicle with LED new arrivals by Horpol!**
